## **What is DiamondTome?**

A DiamondTome Facial uses a diamond tipped wand to gently remove the topmost layer of the skin's surface, leaving it supple, with a smooth, radiant glow. It also stimulates the elastic tissue beneath the surface of the skin resulting in a healthier and firmer appearance. DiamondTome will rejuvenate sun-damaged skin, reduce age spots, minimize blotchy skin coloring, reduce acne and superficial scars from past injury, extract blackheads and whiteheads, and improve overall skin health.
